The Cyclocamp is an international gathering of independent bike workshops will happen in **Strasbourg** (France) with the purpose of celebrating and supporting bike workshops, exchange knowledge, building bikes, and having fun together while burning fat not oil!

**What to expect? What to bring? What to share?
What to do?**

At the camp we will provide basic equipment: water, electricity, toilets, camping/ kitchen equipment, tools, welding stations, junkbikes for parts, soundsystem... but it's up to you, to us to bring the camp and program together.

Come with your ideas, creations, instruments, tools and desires. Please bring videos, photos, zines, info material, stickers, patches, screen printing material etc. of your projects!!

**in Cyclocamp, EVERYTHING is possible!!!
DIY!!!**

It will start (the 21/07/23) with a critical mass from the center of Strasbourg to the Cyclocamp location where we will be welcomed with some food, drinks and concerts to open the 10 days gathering.

Strasbourg is quite sunny and hot at this period, but there is some shadow, also a forest is surrounding the camp and there are some nice places to swim and chill less than 30 min bike ride.

DON'T MISS IT!! BE THERE OR BE SQUARE!!

Looking forward to seeing you soon!
